Phone: (405) 657-8582 FAX: (405) 751-8338

Manufacturer (name & address):
Attn: Bill Trousdale
Brifen USA, Inc.
12501 N. Santa Fe Ave.
Oklahoma City, OK 73114
Phone: (405) 751-8062 FAX: (405) 751-8338

Web-site address: www.brifenusa.com

Web-site address: www.brifenusa.com

Description of the product: (Include specific quantifiable details from tech data sheet. Advertising generalities are not appropriate.)
The Brifen WRSF (Wire Rope Safety Fence) is a highway safety barrier that uses tensioned wire ropes supported by weak steel posts to restrain vehicles. The post spacing varies by need and deflection requirements but cannot extend past 20 feet. Typical spacing is 10.5 feet.

Restrictions, (installation and/or use):
Refer to the NCHRP 350 letters for restrictions to placement on slopes.

Use of the product, (be specific to CDOT highway activities only):
Median and right hand shoulders

Benefits to CDOT, (how will your product enhance quality, improve safety, save money, be a better value then other manufacturer's products):
The system costs less to install and maintain versus w-beam guardrail and concrete barrier. The barrier is also less harmful to occupants in vehicles that strike the barrier.

Specifications, (listing those applicable is required) **& Certificate of Compliance** (required to certify compliance with listed specifications):

- [x] CDOT : Standard Specification Section 606
- [ ] ASTM :
- [ ] AASHTO :
- [x] FHWA : NCHRP 350 TL-3
- [ ] other :

Product testing, (from national/independent laboratories or universities) **& Certified Test Report** (CTR required to validate all claims):

- [ ] NTPEP-AASHTO :
- [x] FHWA : Letter of Acceptance per NCHRP 350 TL-3, HSA-10/B-82 (April 10, 2001)
- [x] other : Motor Industry Research Association, MIRA -99-436008 (5-18-1999), MIRA -99-436009 (5-21-1999)
- [x] other : Certificate of Verification (7-23-2015)

State DOT Approvals, (current documentation required):

Sample submitted: [ ] yes [ ] no [x] n/a

Materials Safety Data Sheets (MSDS): [ ] yes [ ] no [x] n/a

Notes/Additional Comments
Both the NCHRP 350 TL-3 and TL-4 have been installed in the State of Colorado and have been proven to be very successful.
