# Establish a Framework for Transit Performance Measures
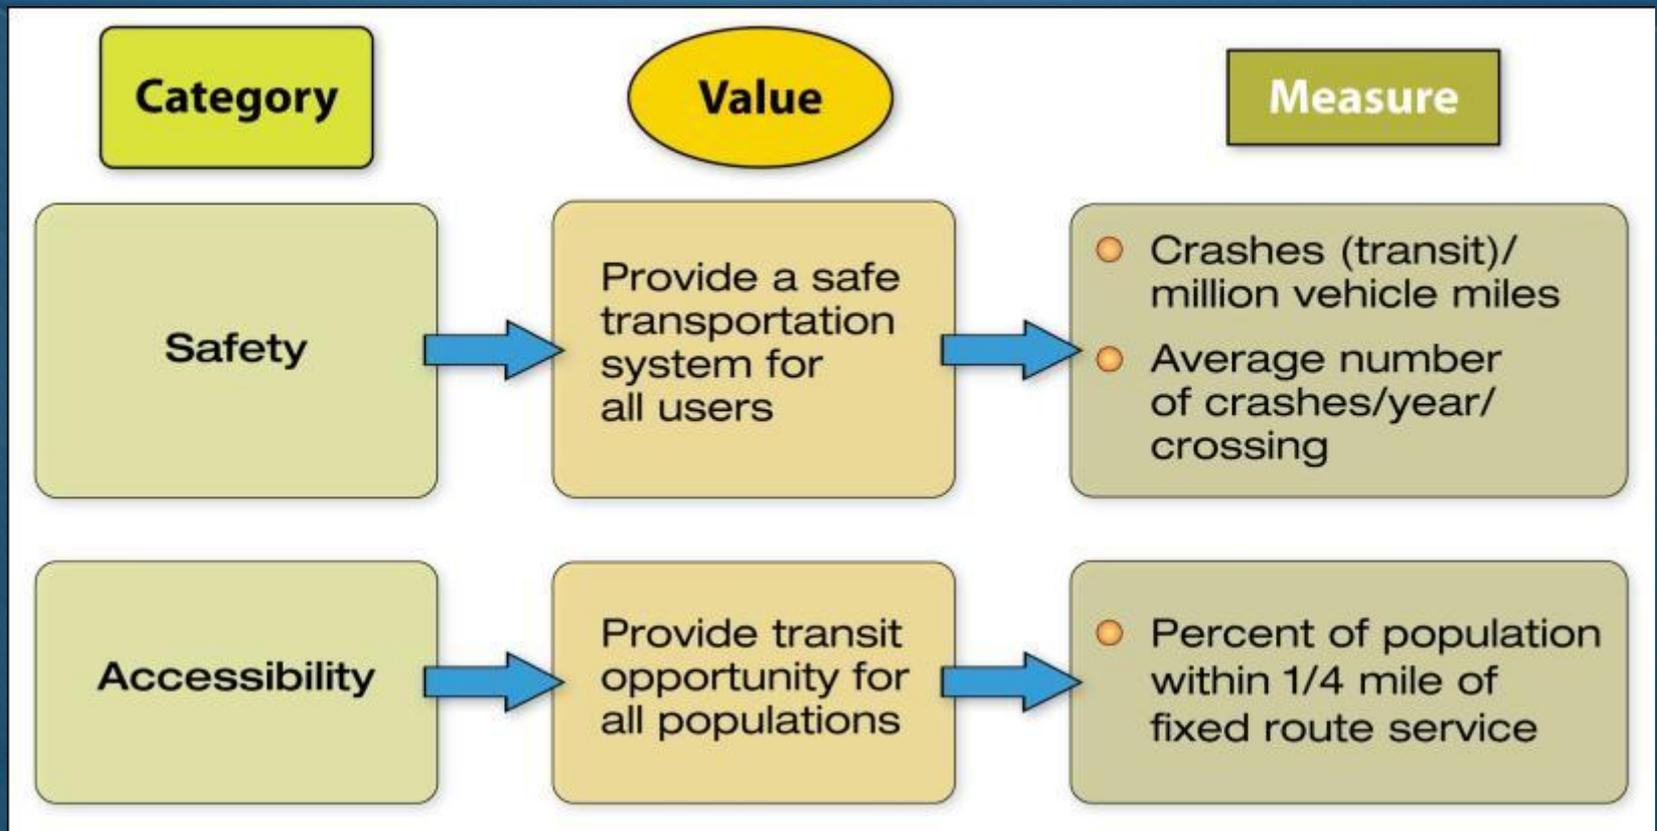

Principles

- Create a structured system

- Recognize Vision and Values established by TRAC

- Be specific to DTR, but applicable to all of CDOT

Conceptual Framework for Performance Measures

Examples

Today's Exercise

- Categories

  Additions?
  Deletions?
  Refinements?

- Values

  Additions?
  Deletions?
  Refinements?

Next Steps

- Summarize today's input

- Conduct further research

- Draft a framework, including sample performance measures

- Conduct TRAC workshop
