Denver, CO 80216

VIA EMAIL AT MWALTERS@HAMONINFRASTRUCTURE.COM

Dear Mr. Walters,

I am sorry to inform you that your firm's bid proposal submitted on April 19, 2018, for Project No. NHPP 0252-455 (21364R) is rejected. Less than three bids were received and although your firm submitted the lowest dollar bid, it was more than 10% over the CDOT engineer's estimate for the project.

Section 43-1-113(16), C.R.S., as amended states:

"In the event that there are less than three bidders on a highway project, no award shall be made if such award is more than ten percent over the estimate of the department of transportation on the project; except that, if the estimate of the department on the project is less than one million dollars and there are fewer than three bidders, the executive director may make an award of more than ten percent, but less than twenty-five percent over the estimate of the department to the low responsible bidder, as defined in section 24-103-101 (3), C.R.S."

Based on the above statute, since less than three bids were submitted for this project and the low bid exceeded the engineer's estimate by more than 10%, your firm's bid is rejected. This project will be reviewed for possible re-advertisement at a later date.

Respectfully,

RB Simmons
Award Officer
