

**STEWARDSHIP AND OVERSIGHT AGREEMENT  
ON PROJECT ASSUMPTION AND PROGRAM OVERSIGHT  
BY AND BETWEEN THE  
FEDERAL HIGHWAY ADMINISTRATION,  
COLORADO DIVISION OFFICE,  
AND THE  
COLORADO DEPARTMENT OF TRANSPORTATION (CDOT)**

**SECTION I. BACKGROUND AND INTRODUCTION**

In enacting section 106(c) of title 23, United States Code (U.S.C.), as amended, Congress established authority for a State department of transportation (State DOT) to carry out certain project responsibilities traditionally handled by the Federal Highway Administration (FHWA) through a delegation from the Secretary of the U.S. Department of Transportation (“Secretary”). The authority in 23 U.S.C. 106(c) applies to projects that are subject to the requirements of title 23, U.S.C. (“title 23”) because the State DOT receives Federal funding or because the State DOT needs an FHWA action for the project even though the project may not use Federal funds. Congress also recognized the importance of a risk-based approach to FHWA oversight of the Federal-aid highway program (FAHP), establishing requirements in 23 U.S.C. 106(g). In addition to assumptions of responsibility, FHWA-State DOT Stewardship and Oversight Agreements cover certain oversight activities relating to the oversight requirements of 23 U.S.C. 106(g).

The FHWA may not assign its decision making authority to a State DOT unless authorized by law. The authorities FHWA assigns to a State DOT under 23 U.S.C. 106(c)(1) and (2) are listed in Attachment A of the applicable FHWA-State DOT Stewardship and Oversight Agreement. A decision, determination, or action carried out by a State DOT under the authority of a Stewardship and Oversight Agreement (“Agreement”) does not constitute an eligibility, participation, obligation, reimbursement, authorization, or compliance decision by or for FHWA.

For clarity, Attachment A also lists certain other actions FHWA may have allowed a State DOT to undertake based on delegation or assumption provisions in other Federal laws. As noted in those Attachment A listings, a State DOT exercise of those authorities is governed by separate agreements between FHWA and that State DOT.

For project responsibilities that are not assumed by a State DOT under 23 U.S.C. 106(c) and are not otherwise delegated or assigned in accordance with another Federal law, FHWA may authorize a State DOT to perform work needed to reach the FHWA decision point, or to implement FHWA’s decision. However, such decisions themselves are reserved to FHWA.

**SECTION II. INTENT AND PURPOSE OF AGREEMENT**

This Agreement establishes the roles and responsibilities of the FHWA Colorado Division Office and the Colorado Department of Transportation (CDOT) with respect to certain title 23 project approvals and related responsibilities, and FAHP oversight activities. Nothing in this

Agreement affects the Secretary's authority, or authority delegated to FHWA, to oversee compliance with Federal requirements. These authorities include but are not limited to 23 U.S.C. 114, under which the Secretary has the right to conduct such inspections and take such corrective action as the Secretary determines to be appropriate.

This Agreement carries out 23 U.S.C. 106(c)(3), which requires FHWA and the State DOT to enter into an agreement relating to the extent to which the State DOT assumes project responsibilities pursuant to section 106(c). This Agreement also documents certain oversight activities that FHWA and the CDOT will use to efficiently and effectively deliver the FAHP.

Section IV of this Agreement covers assumption of project approvals on the National Highway System (NHS). Section V covers assumption of project approvals off the NHS.

The Project Action Responsibility Matrix, Attachment A to this Agreement, describes responsibilities that the CDOT assumes from FHWA pursuant to 23 U.S.C. 106(c) and other legal authorities.

Upon execution of this Agreement, Attachment A controls and, except as specifically noted in Attachment A (including any amendment thereto done in accordance with section VIII) and sections IV and V of this Agreement, no other agreements, attachments, or other documents shall have the effect of delegating or assigning FHWA approvals to the CDOT under 23 U.S.C. 106(c), or have the effect of altering Attachment A.

### **SECTION III. PERMISSIBLE AREAS OF ASSUMPTION UNDER 23 U.S.C. 106(c)**

FHWA has determined the activities and actions that are assumable under 23 U.S.C. 106(c). Those activities and actions are listed in a template issued by FHWA to create this Agreement and cover only activities or actions in the following areas:

- A. Design, which includes preliminary engineering, engineering, and design-related services directly relating to the construction of a FAHP-funded project, including engineering, design, project development and management, construction project management and inspection, surveying, assessing resilience, mapping (including the establishment of temporary and permanent geodetic control in accordance with specifications of the National Oceanic and Atmospheric Administration), and architectural-related services.
- B. Plans, specifications and estimates (PS&E), which represents an array of actions and approvals required before authorization of construction and carried out during construction. The PS&E package includes standards, drawings, specifications, project estimates, certifications relating to completion of right-of-way acquisition and relocation, utility work, and railroad work.
- C. Contract awards, which include procurement of professional and other consultant services and construction-related services to include advertising, evaluating, and awarding contracts.

- D. Inspections, which include general contract administration, material testing and quality assurance, review, and inspections of Federal-aid contracts as well as final inspection/acceptance.
- E. Approvals and related responsibilities affecting real property as provided in title 23, Code of Federal Regulations (CFR), section 710.201(h) and any successor regulation.

The CDOT is to exercise any and all assumptions of the FHWA's responsibilities in accordance with the Federal laws, regulations, policies, Executive Orders, and procedures that would apply if the responsibilities were carried out by FHWA. For all projects and programs carried out under title 23, the CDOT will comply with title 23 and all applicable non-title 23 Federal-aid program requirements.

#### **SECTION IV. ASSUMPTION OF RESPONSIBILITIES FOR FEDERAL-AID PROJECTS ON THE NHS**

For projects under title 23 that are on the NHS, including projects on the Interstate System, the CDOT may assume FHWA's title 23 responsibilities for activities or actions assumable under 23 U.S.C. 106(c) if the FHWA Colorado Division Office determines that assumption of responsibilities is appropriate and the CDOT agrees.

- A. The activities or actions on the NHS assumed by the CDOT under this Agreement are listed in Attachment A.
- B. Activities or actions for which the CDOT has assumed the FHWA's responsibilities apply program-wide, except when superseded on a project-by-project basis by provisions contained in a stewardship and oversight plan developed by the FHWA Colorado Division Office for a specific project. Additional discussion on FHWA project involvement is included in section VI.D of this Agreement.
- C. In accordance with 23 U.S.C. 106(c)(4), the Secretary may define high-risk categories for Interstate projects on a national basis, a State-by-State basis, or a national and State-by-State basis. A State DOT may not assume responsibilities for Interstate projects in a designated high-risk category. Currently, FHWA has not designated any high-risk categories applicable to Colorado in accordance with 23 U.S.C. 106(c)(4). If the FHWA makes a future high-risk designation that applies to Colorado, then that designation will immediately supersede the assumptions of responsibilities elsewhere in this Agreement to the extent of that high-risk designation.

#### **SECTION V. ASSUMPTION OF RESPONSIBILITIES FOR FEDERAL-AID PROJECTS OFF THE NHS**

For projects under title 23 that are not on the NHS, the CDOT must assume FHWA's title 23 responsibilities for activities or actions assumable under 23 U.S.C. 106(c) unless the CDOT determines that assumption of responsibilities is not appropriate (23 U.S.C. 106(c)(2)).

- A. The activities or actions off the NHS assumed by the CDOT under this Agreement are listed in Attachment A.

- B. Activities or actions for which the CDOT has assumed the FHWA's responsibilities apply program-wide, except when superseded on a project-by-project basis by provisions contained in a stewardship and oversight plan for a specific project developed by the FHWA Colorado Division Office. For non-NHS projects, the CDOT must determine that superseding an assumption listed in Attachment A for a specific project is appropriate. Additional discussion on FHWA project involvement is included in section VI.D of this Agreement.
- C. Except as provided in 23 U.S.C.109(o), the CDOT is to exercise FHWA's approvals and related responsibilities on these projects in accordance with Federal laws, regulations, policies, Executive Orders, and procedures that would apply if the responsibilities were carried out by FHWA.
- D. In accordance with 23 U.S.C. 109(o), non-NHS projects shall be designed and constructed in accordance with State laws, regulations, directives, safety standards, design standards, and construction standards, except that a local jurisdiction may use a roadway design guide recognized by FHWA and adopted by the local jurisdiction that is different from the roadway design guide used by the State in which the local jurisdiction is located for the design of projects on all roadways under the ownership of the local jurisdiction for which the local jurisdiction is the project sponsor, provided that the design complies with all other applicable Federal laws.

## **SECTION VI. FHWA OVERSIGHT PROGRAM UNDER 23 U.S.C. 106(g)**

The Secretary must establish an oversight program to monitor the effective and efficient use of funds authorized to carry out the FAHP (23 U.S.C. 106(g)). This includes FHWA oversight of the CDOT processes and management practices, including those involved in carrying out the approvals and related responsibilities assumed by the CDOT under 23 U.S.C. 106(c).

Section 106(g) requires, at a minimum, FHWA's oversight program be responsive to all areas relating to financial integrity and project delivery. To carry out the requirements of 23 U.S.C. 106(g), FHWA uses a risk management framework to evaluate financial integrity, project delivery, and other aspects of the FAHP. The objective is to balance risk while considering staffing, budget resources, and the State's transportation needs.

The FHWA Colorado Division Office and the CDOT may use a variety of methods to identify, analyze, and manage risks and develop response strategies, such as oversight techniques, manuals and operating agreements, stewardship and oversight indicators, and FHWA project involvement.

### **A. Oversight Techniques**

Techniques the FHWA Colorado Division Office and the CDOT may use to identify and analyze risks and develop response strategies include, but are not limited to, the following:

- Program assessments;
- FHWA Financial Integrity Review and Evaluations reviews;

- Program reviews;
- Certification reviews;
- Recurring or periodic reviews such as the FHWA Compliance Assessment Program;
- Inspections of project elements or phases.

#### B. Manuals and Operating Agreements

The CDOT manuals, agreements and other control, monitoring, and reporting documents that are used on Federal-aid projects are listed in Attachment B to this Agreement. At a minimum, this list will include documents required by statute or regulation to be submitted to or approved by FHWA. Additional documents may be included as agreed to by the FHWA Colorado Division Office and the CDOT.

#### C. Stewardship and Oversight Indicators

The FHWA Colorado Division Office and the CDOT have not established indicators as part of this Agreement.

#### D. FHWA Project Involvement

The FHWA Colorado Division Office may select projects (individually or by type) for risk-based FHWA project involvement and stewardship and oversight activities, based on a risk assessment and the responses to identified threats and opportunities. The FHWA Colorado Division Office will identify the risks and document actions that it will undertake to respond to the risks in a stewardship and oversight plan for the affected project(s).

In some instances, such as in response to elevated risks, the assumption by the CDOT of project approval actions under Attachment A to this Agreement may be superseded on a project-by-project basis by provisions in the stewardship and oversight plan for those specific projects, per sections IV and V of this Agreement. Stewardship and oversight plans for specific projects will distinguish which project approval actions under Attachment A are superseded by the project specific plan. Project approval actions under Attachment A that are not superseded by the project specific plan remain in effect.

## **SECTION VII. STATE DOT OVERSIGHT RESPONSIBILITIES**

This section addresses how 23 U.S.C. 106(c) assumed authorities are carried out by the CDOT. The actions include monitoring to assure that the CDOT is properly carrying out its responsibilities in accordance with this Agreement.

- A. The CDOT is responsible for demonstrating to FHWA how it is carrying out its responsibilities in accordance with this Agreement. The CDOT will provide information to the FHWA Colorado Division Office upon request.

- B. The CDOT represents that processes, procedures, and practices from manuals, agreements, and other documents listed in Attachment B to this Agreement comply with applicable Federal requirements.
- C. The CDOT is responsible for ensuring that its subrecipients meet applicable Federal requirements. This includes but is not limited to evaluating each subrecipient's risk of ensuring compliance and determining the appropriate oversight and monitoring with respect to both the subaward and any 23 U.S.C. 106(c) assumed responsibilities that a subrecipient has been permitted to carry out on behalf of the CDOT (2 CFR 200.332). The CDOT is responsible for determining that subrecipients of Federal funds are suitably staffed and equipped (23 CFR 635.105(c)(3)) and have adequate project delivery systems and sufficient accounting controls to properly manage these funds (23 U.S.C. 106(g)(4)); 2 CFR 200.303).

## **SECTION VIII. AGREEMENT EXECUTION AND MODIFICATIONS**

### **A. Agreement Execution**

This Agreement is effective when fully executed by the FHWA Colorado Division Administrator and authorized representative of the CDOT. The CDOT duly-authorized official shall execute this Agreement and then submit it to the FHWA Colorado Division Administrator, who shall sign this Agreement last.

### **B. Agreement Modifications**

The FHWA Colorado Division Office and the CDOT acknowledge that Agreement modifications (minor revisions or amendments) are needed periodically. Either party may initiate a request to modify this Agreement.

#### **1. Minor Revisions**

The FHWA Colorado Division Office and the CDOT may make minor revisions to this Agreement without an amendment. For purposes of this Agreement, a minor revision makes a technical correction, addresses non-substantive changes such as a change in points-of-contact or document names, or revises aspects of procedures that do not materially change the terms of this Agreement. Changes to Attachments B or C are considered minor revisions. Minor revisions are recorded in a change log by the FHWA Colorado Division Office. Minor revisions may be executed without FHWA legal sufficiency review or coordination with FHWA's Office of Infrastructure.

#### **2. Amendments**

Modifications to this Agreement that exceed the definition of a minor revision in paragraph B.1. of this section shall require execution of an amendment to this Agreement. Amendments include any change to Attachment A. The amendment shall follow the execution procedure set forth in paragraph A of this section. Amendments require FHWA legal sufficiency review and coordination with FHWA's Office of Infrastructure.

### C. New Agreement

This Agreement will be replaced in its entirety and a new Agreement executed between the FHWA Colorado Division Office and the CDOT when mutually agreed upon by the parties, or as requested by the FHWA Office of Infrastructure to account for changes to regulations or statute or upon issuance of a revised Stewardship and Oversight Agreement Template. New Agreements require FHWA legal sufficiency review and coordination with FHWA's Office of Infrastructure prior to execution.

The electronic Agreement file shall contain the executed Agreement, any change logs, and amendments.

**EXECUTION BY THE FHWA COLORADO DIVISION OFFICE:**

Name: John Cater

Title: Division Administrator

Date Executed: 8/15/2024

**EXECUTION BY THE COLORADO DEPARTMENT OF TRANSPORTATION:**

Name: Shoshana Lew

Title: Executive Director

Date Executed: 8/14/2024

## ATTACHMENT A

### Project Action Responsibility Matrix

This matrix identifies the Federal-aid highway program (FAHP) project approvals and related responsibilities. The matrix specifies which actions are assumed by the CDOT pursuant to this Stewardship and Oversight Agreement (“Agreement”) and certain other applicable authorities as specified in the tables in this Attachment A.

The CDOT is responsible for ensuring all applicable elements of the project are eligible for FAHP funding. Where the CDOT assumes authority to make a decision, approval, determination or action, the CDOT decision does not constitute an eligibility, obligation, reimbursement, authorization, or compliance decision by or for the Federal Highway Administration (FHWA). Final decisions on those matters must be made by FHWA.

**Table 1: Financial Management**

#	ACTION	AGENCY RESPONSIBLE NHS	AGENCY RESPONSIBLE Non-NHS
1	Review and accept initial financial plan for Federal major projects [23 U.S.C. 106(h)]	FHWA	FHWA
2	Review and accept financial plan annual updates for Federal major projects [23 U.S.C. 106(h)]	FHWA	FHWA
3	Obligate funds/authorize Federal-aid project agreement (including advance construction authorization and conversion), modifications, and project closures (project authorizations) [23 U.S.C. 106(a)(2); 23 CFR 630.106, 630.703, 630.709]	FHWA	FHWA
4	Authorize to advertise for bids when all preconditions are met [23 CFR 635.112(a), 635.309]	STATE	STATE
5	Approve reimbursements including authorizing current bill (23 U.S.C. 121)	FHWA	FHWA
6	Approval of reimbursement for bond-issue projects [23 U.S.C. 122; 23 CFR part 140, subpart F]	FHWA	FHWA

68	Approve a time extension of an ID/IQ contract [23 CFR 635.604(a)(6)(i)]	FHWA	STATE

## ATTACHMENT B

### Manuals, Agreements, Control, Monitoring, and Reporting Documents

This attachment lists manuals, agreements and other control, monitoring, and reporting documents that are used on Federal-aid projects per section VI.B of this Agreement.

<b>Documents that include items that must be submitted to FHWA for review and/or approval</b>	
1.	Asset Management - Transportation Asset Management Plan (23 U.S.C 119(e))
2.	Civil Rights - DBE Supportive Services Procedures (23 CFR 230.204)
3.	Civil Rights - Disadvantaged Business Enterprise (DBE) Program Manual (49 CFR 26.21)
4.	Civil Rights - On-the-Job Training Manual (23 CFR 230.111(e)(1))
5.	Civil Rights - Overall Annual DBE Goal for Highway Design and Construction (49 CFR 26.45(f))
6.	Civil Rights - Title VI Implementation Plan (23 CFR 200.9(b))
7.	Contracting and Procurement - CM / GC Manual (23 CFR 635.504(c) )
8.	Contracting and Procurement - Consultant Selection Process (23 CFR 172.5(c))
9.	Design and Construction - Bridge Design Manual, CDOT (23 CFR 625.3(a)(1))
10.	Design and Construction - Bridge Detail Manual, CDOT (23 CFR 625.3(a)(1))
11.	Design and Construction - Construction Manual, CDOT (23 CFR 625.3(a)(1))
12.	Design and Construction - Drainage Design Manual, CDOT (23 CFR 625.3(a)(1))
13.	Design and Construction - Geotechnical Design Manual (23 CFR 625.3(a)(1))
14.	Design and Construction - Intelligent Transportation System Architecture & Standards (23 CFR 625.3(a)(1))
15.	Design and Construction - Landscape Architecture Manual (23 CFR 625.3(a)(1))
16.	Design and Construction - Lighting Design Guidelines (23 CFR 625.3(a)(1))
17.	Design and Construction - M-E Pavement Design Manual, CDOT (23 CFR 625.3(a)(1))
18.	Design and Construction - Roadway Design Guide, CDOT (23 CFR 625.3(a)(1))
19.	Design and Construction - Standard Plans – M & S Standards (23 CFR 625.3(a)(1))
20.	Design and Construction - Standard Specifications for Road and Bridge Construction (23 CFR 625.3(a)(1))
21.	Design and Construction - Supplement to the Federal Manual on Uniform Traffic Control Devices 2009, Colorado (23 CFR 655.603(b)(1))
22.	Design and Construction - Survey Manual (23 CFR 625.3(a)(1))
23.	Environment - Noise Analysis and Abatement Guidelines (23 CFR 772.7)
24.	Environment - Programmatic Agreements Related to NEPA (multiple)
25.	Environment - Stakeholder Involvement Guidance and Public Involvement Plan (as a section of the NEPA Manual) (23 CFR 771.111(h))
