DATE: May 5, 2011

TO: All Holders of Standard Special Provisions

FROM: Larry Brinck, Standards and Specifications Engineer

SUBJECT: Revision of Section 630, Temporary Portable Rumble Strip

Effective this date, our unit is issuing a new standard special provision, Revision of Section 630, Temporary Portable Rumble Strip. This new standard special provision is 1 page long. Use this standard special in projects when the Region Traffic Engineer recommends the use of temporary rumble strips for construction traffic control. The use of this standard special provision becomes mandatory in projects advertised on or after June 2, 2011. Please feel free, however, to include it projects advertised before this date.

This new standard special provision defines the requirements for this new construction traffic control device.

Those of you who keep books of Standard Special Provisions should add this new standard special provision to your file. We are attaching a new Index of Standard Special Provisions, dated this same date, for your reference. In addition, you will find this and other special provisions that are being issued this date in one place in the CDOT Construction Specifications web site:
