

**COLORADO**  
Department of Transportation  
Construction Engineering Services  
Division of Project Support  
Standards and Specifications Unit

DATE: July 27, 2022

TO: Colorado Counties and Municipalities

FROM: Markos Atamo, P.E., Construction Engineering Services Branch *MA*

SUBJECT: Standard Specifications for Road and Bridge Construction, 2022

The Department has published the 2022 edition of the Standard Specifications for Road and Bridge Construction. Additional information on the 2022 Standard Specifications, including a list of significant changes, can be found by accessing the Construction Specifications website here:

<https://www.codot.gov/business/designsupport/cdot-construction-specifications/2022-construction-specifications>.

The Department of Transportation will begin use of this 2022 edition on all projects advertised on or after **October 1, 2022**. [This Standard Specification book in pdf is available online now](#).

You may use these specifications for your road and street construction program. Please be aware that if you reference these specifications for your contract work, you will be responsible for furnishing your prospective bidders copies of the specifications along with any addenda that may affect the contract.
