

**COLORADO**  
Department of Transportation  
Construction Engineering Services  
Division of Project Support  
Standards and Specifications Unit

DATE: July 27, 2022

TO: Region Transportation Directors,  
Region Program Engineers,  
and Department Branch Managers

FROM: Markos Atamo, P.E., Construction Engineering Services Branch *MA*

SUBJECT: Publication – Standard Specifications for Road and Bridge Construction, 2022

The Department has published the 2022 edition of the Standard Specifications for Road and Bridge Construction. Additional information on the 2022 Standard Specifications, including a list of significant changes, can be found by accessing the Construction Specifications website here:

<https://www.codot.gov/business/designsupport/cdot-construction-specifications/2022-construction-specifications>.

The Department of Transportation will begin use of this 2022 edition on all projects advertise on or after **October 1, 2022**. [This Standard Specification book in pdf is available online now](#).

The Construction Engineering Services Branch will be printing a limited number of complimentary books to send to each Region. There will be enough books for each Region Transportation Director, each Program Engineer, each Resident Engineer, and the other units in each Region, including Materials, Traffic, Right of Way, Utilities, and Hydraulics.

**NOTE:** Please have staff re-use their previous 3-ring binder and tabs.

Please be aware, CDOT is planning to go completely digital on the 2025 edition. This branch will no longer print copies. Please plan accordingly.
