## SUMMARY

### CONSTRUCTION COST INDEX FOR SELECTED HIGHWAY CONSTRUCTION ITEMS

3rd QUARTER ENDING September 30, 2007

Index for this quarter.....	328.3
Index for last quarter.....	252.5
Point change from last quarter.....	+75.8
Percentage change from last quarter.....	+30.0%
Index for same quarter of last year.....	279.4
Point change from same quarter last year.....	+48.9
Percentage change from this quarter last year.....	+17.5%4
4-quarter moving average.....	290.7

Average number of bidders this quarter.....	3.46
Change in number of bidders from last quarter.....	-12.0%

NOTE: All information shown in this publication was assembled using 1987 as the base year.

### Comments:

This Colorado Construction Cost Index is composed of six indicator items and based on bid prices relative to the unit prices of 1987 (unit index=100). The Index varies due to type and location of projects in addition overall economic conditions.

We at the Engineering Estimate and Market Analysis (EEMA) believe the third quarter CCI data is exaggerated to the upside due to the relatively small number of total projects awarded and the relatively small size of the average projects. The 4-quarter moving average, which smoothes out the short term swings, is at around 290.70, which is more in line with actual market conditions.

### Earthwork (Excavation and Embankment):

The average price was \$10.32 a cu. yd. which is up \$4.33 from the previous quarter. Fewer projects with large earthwork quantities were awarded this quarter.

### Hot Mix Asphalt:

The average price was \$81.60 a ton which is up \$14.30 from the previous quarter. In the third quarter fewer projects with large HMA quantities were awarded. In addition, diesel prices have continued to climb higher.

### Concrete Pavement:

The average price was \$28.59 a sq. yd. which is down \$9.44 from the previous quarter. One of two projects with concrete pavement had very large quantities. This also continued the recent down trend of concrete pavement prices.

### Structural Steel:

The average price was \$2.00 a lb. which is up \$1.15 from the previous quarter. Only one project with structural steel was awarded this quarter. This particular project had a relatively small quantity.

### Structural Concrete:

The average price was \$588.03 a cu. yd. which is up \$119.45 from the previous quarter. Projects with small structural concrete quantities were awarded this quarter.

### Reinforcing Steel:

The average price was \$1.06 a lb which is up \$0.17 from the previous quarter. Fewer projects with large reinforcing steel quantities were awarded this quarter.

### ADDITIONAL INFORMATION:

For the 3<sup>rd</sup> quarter, the category indices showing an increase were Earthwork, Hot Mix Asphalt, Structural Steel, Structural Concrete, and Reinforcing Steel. The category indices showing a decrease was Concrete Pavement.

35 projects were bid and awarded this quarter for a total of \$77,291,766.29. By comparison, 42 projects were bid last quarter. The six categories for CCI items totaled \$25,449,589.17, which is

32.9% of total awarded amount. 13 maintenance contract projects were bid this quarter. No metric, Design/Build, or Lump Sum projects were bid this quarter.

The competition for projects decreased to 3.46 bidders from 3.93 bidders for each project on average.
