Chapter 3	Entire Chapter	Accessibility Compliance	Per House Bill 21-1110 - CDOT shall make reasonable modifications to policies, practices, and procedures in an effort to ensure CDOT programs are accessible to individuals with disabilities and to ensure nondiscrimination against persons with disabilities. The State of Colorado is committed to providing equitable access to our services to all Coloradans. Our ongoing accessibility effort works towards being in line with the Web Content Accessibility Guidelines (WCAG) version 2.2, levels A and AA criteria, per the State of Colorado Technical Standard <u>TS-OEA-002</u> and <u>House</u> <u>Bill 21-1110</u> .
3.1.30 3.8.1 3.8.2 3.8.3 3.10.13 1.13.1 3.15	Sign Categories	Name change from on- premise, off- premise, and billboard, to Advertising Devise as appropriate	SB21-263 took effect in Colorado on June 30, 2021, changing the permitting and enforcement processes for the control of advertising devices in areas near interstates and state highways and visible to the traveling public from the roadway to a compensation- based approach. Along with other changes, this new <b>law removed the previous categories of outdoor</b> <b>advertising devices (i.e., On-Premise Sign, Off-</b> <b>Premise Sign, Official Sign, and Directional Sign) from</b> <b>the rules</b> . Billboards and other signs are now referred to as 'advertising devices'. "Advertising device" means any outdoor sign, display, device, figure, painting, drawing, message, placard, poster, billboard, or any other contrivance designed, intended, or used to advertise or inform, for which compensation is directly or indirectly paid or earned in exchange for its erection or existence by any person or entity, and having the capacity of being visible from the travel way of any state highway, except any advertising device that is part of a comprehensive development. The term "vehicle using the highway" does not include any vehicle parked near said highway for advertising purposes. <u>C.R.S. 43-1-403</u>

3.1.20 3.3 3.3.1 3.3.7 3.14.2	Conservation easement valuation	Added exception to the Undivided Basis Rule for valuation of Conservation Easements to comply with new law	Pursuant to SB22-208, and beginning June 7, 2022, property in Colorado being acquired that is encumbered by a conservation easement should be valued without consideration to the limitations for the conservation easement places on that property <u>C.R.S.</u> <u>38-30.5-107.5</u>
3.1.11	Record Keeping	<ol> <li>Updated workfile retention quote to be in sync with</li> <li>2024 USPAP and</li> <li>removed specific reference to CDOT's ProjectWise</li> </ol>	Per USPAP the Record Keeping Rule establishes the workfile requirements. CDOT has changed the document management system from ProjectWise to OnBase
3.1.12 3.15.2.2	Exposure Time	Removed language referencing Exposure Time as a Jurisdictional Exception to USPAP	The exposure time <i>thing</i> in Colorado is not a JE because our jury instruction Market Value definition does not, reference exposure time. Because it does not, there is no violation to USPAP that would require a JE disclaimer. There is nothing contrary we are doing here with respect to USPAP or Yellow Book
3.1.14 3.10.21	Affected Area	Modified the requirements to have a "Plat" to indicate a "Map", "Drawing", or Sketch is sufficient	The idea here is that the appraiser can describe an affected area without having to have a 'plat' developed when a map, drawing, or sketch is sufficient to illustrate the affected area.
3.1.19 3.1.22	USPAP	Modified reference s from prior versions of USPAP	Cleaned up references from USAP 2020-2021 to the current USPAP 2024 The Appraisal Foundation has gone away from updating USPAP every two years. As such that reference has been eliminated from CDOT's ROW Manual Chapter 3.
