MEMORANDUM

DATE: Friday, February 8, 2019

TO: All CDOT & Consultants Bridge Project Special Provisions Users

FROM: Michael Collins, Staff Bridge Branch Manager

SUBJECT: Revision of Bridge Specific Project Special Provision – 519, Thin Bonded Overlay (Polyester Concrete)

The revised Bridge Specific Project Special Provision (PSP) of 519, Thin Bonded Overlay is available for your use for concrete bridge deck protection projects.

This PSP is located on the CDOT Bridge web page, and you can download it using the link below:

<http://www.codot.gov/library/bridge/specifications>

This Project Special Provision should be used on projects as described in the INSTRUCTION TO DESIGNERS, page 14 of 14. If corrections or improvements need to be made, please contact Staff Bridge.

Please review and become familiar with this revision. If you have any questions or recommendations for improvement, please contact:
