Denver, Colorado 80222  
(303) 757-9266  
(303) 757-9727 (Fax)

**DATE:** March 12, 2013  
**TO:** Statewide Transportation Advisory Committee  
**CC:** Debra Perkins-Smith, Sandi Kohrs, DTD Planners, and Regional Planners  
**FROM:** Michelle Scheuerman, Statewide Planning Manager  
**SUBJECT:** Statewide Plan Development and Six-month Strategic Road Map

A Six-month Strategic Roadmap has been developed to provide a clear, focused, and deliverable oriented path for developing the Statewide Plan (SWP). The Roadmap is detailed and visually lays out in tabular format a description of the work and deliverables that need to be accomplished by the CDOT Staff and the Consultant Team.

One of the primary reasons for focusing on the first six months of SWP development was to outline the work needed to be done to ensure multi-modal, robust, and meaningful conversations with the Transportation Planning Regions and an array of stakeholders in summer.

The attached matrix is a high-level overview of some of the Six-month Strategic Roadmap elements, and depicts the Key Topics and Deliverables that have been brought to you in January and February, and what will be presented and discussed at STAC meetings from March to June. The matrix is not all encompassing, but rather focuses on items that are either related to Regional Transportation Plan development, of statewide significance, and/or areas of importance from a transportation planning perspective. As this information is shared with you, CDOT staff appreciates your feedback and thoughts.

Please take a moment to review the matrix, and I look forward to discussing this in more detail at this Friday's STAC meeting and to answer any questions.

Thank you.
