RE: Revised Project Goals

The following project goals were identified based on the revised project scope and original project goals established on the original project scope.

1. *Manage impacts during construction.*
 - *Project Duration*
 - *Project Phasing*

2. *Maximize the use of available funds in the reconstruction of the US6 Corridor as described in the I25 Valley Highway F.E.I.S. Record of Decision.*
 - *Include Additional Requested Elements (AREs)*
 - *Price to complete*

3. *Demonstrate a commitment to enhance the established project values.*
 - *Maximize safety of the workers and traveling public*
 - *Quality*
 - *Environmental*
 - *Project Communications Plan*
 - *Equal Employment and Work Force Development*
