## **PROJECT UPDATE: Edwards Interchange**

Week of January 7, 2011

## See you in mud season!

ACC's work is complete until the spring when crews will come back to finish aesthetic work such as seeding, sidewalks and the work within the Northstar entry. It should be noted that ACC's signage subcontractor will be out next week installing the final signs – please watch for their people in the roadway. We have had a lot of feedback about how well the roundabouts are moving traffic through the intersection – we will pass this information along to Eagle County, CDOT and the metro districts who worked hard to make this job possible. Thank you, and we'll see you in the spring.

ACC will alert you to any significant traffic delays but also encourage you to check our hotline at 970-949-1102 or the CDOT website for more information <a href="http://www.coloradodot.info/projects/i70edwardsinterchange">http://www.coloradodot.info/projects/i70edwardsinterchange</a>. Alternatively, you may contact our public information office at 970-566-6912 or via email at <a href="mailto:EdwardsInterchange@accbuilt.com">EdwardsInterchange@accbuilt.com</a>.
