

## Meet the Contractor American Civil Constructors, Inc.

American Civil Constructors, Inc. (ACC) is a Littleton, Colorado based contractor with 35 years experience building CDOT, and other, projects throughout Colorado.

ACC has a long standing presence in Eagle County with projects such as the Freedom Park Playground, Sport Field and Skate Park, The Avon Interchange for Traer Creek, the earthwork for Vail's Front Door project, Lake Street improvements in Avon and the Eagle River Preserve project. Our experience extends back to the late 70's when participating in the construction of Vail Pass and Glenwood Canyon.

ACC's project team of Grant Johns (project manager) and Nick Polce (On-site superintendent) have been involved with most of the local Eagle County projects and have built relationships with local subcontractors and vendors. Jody Randall and Melissa Kline will be handling Public/Community Relations.

ACC wants you to be in the loop! Look for weekly updates in your local papers, visit our website, contact the hotline or look for flyers distributed to local businesses and residents. We also encourage you to sign-up for email updates that will come prior to any significant change in project traffic flow.
