

Construction Activities - July 2021

Look for the following construction activities to occur this month.

WEST AREA (Between Brighton and Colorado boulevards)

- Demolition of the I-70 viaduct between York and Columbine streets, requiring intermittent closures of the streets underneath
- Closure of Josephine Street under the viaduct for demolition
- Weekend long closure of Steele Street under the viaduct for demolition
- Closure of York Street between 47th and 48th avenues for utility and railroad track work

CENTRAL AREA (Between Colorado Boulevard and Quebec Street)

- Completing the inside lanes of I-70 between Colorado Boulevard and Quebec Street
- Completing the final paving of Stapleton North and South drives requiring overnight closures of portions of the road
- Week-long closure of Dahlia and Monaco streets under I-70 for lighting installation
- Weekend closure of westbound I-70 from I-270 to Colorado Boulevard to complete the final paving of I-70 in the center area
- Weekend closure of eastbound I-70 from Brighton Boulevard to I-270 to complete the final paving of I-70 in the center area
- Continued construction of the Quebec Street and I-70 interchange

EAST AREA (Between Quebec Street and Chambers Road)

- Continued overnight restriction of highway lanes and ramps to and from I-70 between Quebec Street and Chambers Road for median and barrier replacement

These activities are weather-dependent and subject to change.
