I understand that the sole purpose of this program is to reduce the incidence of improper installation and use of child safety seats; that this inspection is provided free of charge in the interest of public safety; that this program cannot fully evaluate the quality, safety or condition of the child safety seat, any component of my vehicle including the seats, safety belt and airbag systems; this program cannot guarantee my child's safety in a crash. I understand that to have full protective benefit of the child safety seat the infant and/or child must at all times be properly secured to the child safety seat and the child safety seat must at all times be properly secured to the vehicle in accordance with the vehicle and child safety seat manufacturer's instructions, and in conformance with Colorado law. I hereby release any program participants from any present or future liability for any injuries including death or dangers that may result from a vehicle collision or otherwise. I understand that on occasion a great deal of force must be used to properly secure the child safety seat into the vehicle. I release all agencies and personnel involved from liability and responsibility for any and all damage(s) caused to my vehicle and/or contents therein while installing the child safety seats.
